Projects

The Ninth Planet — Music Duo Website

A modern and interactive website created for the Uzbek music duo "The Ninth Planet" (Yamadzhi & Furcade). The site features a sleek design, animated transitions, a custom music player, artist bios, and a contact form.

Tic Tac Toe — Game Website

A responsive two-player game built with Next.js and TypeScript.

Comfy store — E-commerce Furniture Website

A responsive e-commerce web app for browsing and purchasing modern furniture. Features include dynamic product filtering, single product view, shopping cart management, and a clean, user-friendly interface.

Language

Uzbek — Native

English — Beginner (Improving actively)
